For specific information, please use the Police.co.uk website – It takes a considerable period of time for us to update all crime recorded on previous newsletters, so we will concentrate on what we think you need to know.

Cycle thefts remain an issue in the East Riding and Hull itself. This is partly due to the increase in popularity of cycling as a sport/past time, partly due to cycles being left insecure and partly due to the high value of some cycles making them a lucrative target.

Cycles are being stolen from Sheds and garages in the area, it is important to put in place good security to protect your property and possessions. It appears that houses have been identified as having high value bikes, due to vehicles at the address having bike racks, and roof bars. This indicates to thieves that owners regularly use their bikes as a hobby, and tend to invest in a good standard and spec of bike.

Although we live in a very safe and low crime area, we are subject to offences such as burglaries or theft from vehicles. Please note that 50% of all burglaries reported in the East Riding are through insecure doors or windows, likewise over 50 % of cars broken into are insecure or have items of value on show. The crime prevention message is clear - lock it or lose it! Sometimes we get complacent about security, but thieves are opportunists, and will travel into the East Riding, often from Hull looking for easy pickings.

LATEST SCAM!! - Don't be caught out!

A fraudster rings you at home claiming to be from your bank or even that they are the police which seems to be the latest ploy, telling you that they think your bank card has been used fraudulently. They suggest you ring your bank to ensure the call is genuine, they manage to stay on the line, so when you use your phone, they answer. They ask you for your account details and your PIN. They then confirm your card has been used and ask you to package it up and they send a courier to collect it. The courier is often innocent and is just picking up an item and delivering it elsewhere. They then have your card and your PIN!!

Remember, your bank and the police will **NEVER** ask for your PIN number or ask for your card.
